The Class Of 1986 Would Like To Take This Opportunity To Dedicate Our Yearbook, "Steppin' Out" To A Man Who Is Not Only An Exemplary Administer But A Truly Fine Human Being. David Halvorsen, With His Care And Dedication Has Helped Us To Grow, Develop And Realize Our Potential. He Has Encouraged Us, Guided Us And Allowed Us To Use Our Own Discretion In Dealing With Our Challenges. With Deep Respect And Admiration It Is Our Pleasure To Dedicate This In Remembrance Of The Outstanding Services He Has Performed For The Students Through His Office And His Life.

FALL ORIENTATION

Life has often been likened to a road which we travel of a race we run. On the way through it we go up and down hills, through valleys, over barriers and hopefully we reach some high points during our journey from which we can marvel at our accomplishments.

Our time at Mount Wachusett Community College is a small part of our trips but it is an important part because it is here that we decide the course of our lives. Whether it is decisions about work, travel or lifestyle, they are all detours and turns on our road to the future.

As we are faced with these choices we can also feel the urge to put on someone else's SHOES and follow the FOOTSTEPS of those before us in our search for happiness. There are many pairs of shoes, well and broken in for us to try on—those of teachers, friends and celebrities—and while it might be easier to wear someone else's SHOES who has walked before us and succeeded, it is also important to put on our SHOES and create new roads to follow.

So, while we can follow someone else's FOOTSTEPS, it is also important to make our own to achieve happiness.

SHOES. Everybody wears them. In the beginning of time they were just a covering to keep feet protected from weather conditions. Through time shoes have become more than that. They have emerged as a fashion accessory and a clue to a person's personality. It is true that you cannot put the same SHOE on every foot.

Through the halls of the Mount, varieties of SHOES can be seen. They range from high fashion pumps to old torn sneakers.

Looking under the desks of busy students, one can see all types of styles - - - - sneakers, sandals, mocassions, boots, loafers, clogs, work boots, short boots, high heels, buttoned, buckled, tied, and fluorescent colored . . . the possibilities are endless.

SHOES are an extension of our personalities. A persons SHOES tell us whether they would rather be fashionable or comfortable. People may own a few pairs or may own many pairs of SHOES. Shoes can make or break an outfit. It all depends on how you wear them. Certainly, the variety of SHOES at the Mount had made walking through the corridors just a little more interesting.

Educational opportunities have changed the traditional climate of academic institutions as shown by the following examples of a new student clientele.

Two prominent actors died in late 1985: Orson Wells, 70, of a heart attack; Rock Hudson, 59, after a battle with AIDS.

A delta Airlines jetliner crashed near Dallas in August, killing 137 people. The plane was on a flight from Fort Lauderdale, Florida to Los Angeles with an intermediate stop at Dallas-Fort Worth. Thirty-four people survived the crash but five died of injuries later. The plane encountered a severe wind shear as it plunged to the ground.

Blue-collar troubadour Bruce Springsteen was the undisputed Boss of rock n' roll. His songs about Vietnam veterans, steelworkers and factory workers hit many responsive chords with all ages of Americans.

Ceremonies were held at various times during the year at the Vietnam Memorial in Washington to commemorate the tenth anniversary of the fall of the Saigon government in Vietnam. The Vietnam Memorial is inscribed with the names of more than 58,000 dead or missing soldiers from the Vietnam war.

Riots were an almost daily occurrence in South Africa as blacks protested Apartheid. In this photo, a white man runs from a jeering group of stonethrowing blacks in downtown Johannesburg as windswept violence continued to breakout throughout the country.

President Reagan, with his wife Nancy, gives the A-Okay sign from his hospital window in July after undergoing surgery to remove a cancerous tumor from his lower intestine. The 74-year old president was back on the job within weeks after the operation.

Cincinnati Reds player-manager Peter Rose broke Ty Cobb's career hit record in September. The historic No. 4, 192 hit was a single to left field on a 2-1 pitch from San Diego Padres right hander Eric Show with one out in the bottom of the first inning.

A high school teacher goes into space. Christa McAuliffe folds her training uniform as she packed for a trip to Houston where she began training for her trip into space. McAuliffe is a high school teacher from Concord High School in Concord, N.H. Her flight is scheduled for January, 1986.

A series of devastating earthquakes rumbled through Mexico City in September and the death toll was in the thousands. Few in the metropolitan area of 18 million escaped the effects of the first quake, which registered 8.1 on the Richter scale; or the second quake, which measured 7.5.

A Trans World Airlines jet with 145 passenger and eight crew members was hijacked in Athens, Greece, in June. The Shiite hijackers took the plane to Beirut, then to Algeria and the back to Beirut. Most of the hostages were released within days but the remaining 39 hostages were held for 17 days. One American hostage was killed.

Remember Hurrican Gloria?! She stepped in to town the night of our class mixer and postponed the first social event of the semester. One month later, at the Monoosnock Country Club, on November 1st, we finally got a chance to get our student body together for fun and dancing. The turn out was tremendous. We danced and partied to the tunes of D.J. Burke

Dear Graduate,

Contained within these pages is a record of the scenes, events and people of 1985-86 at Mount Wachusett Community College. And it is nice to have such a record. However, the real record that you take with you is the education you have obtained here. Your education has provided you with new knowledge, skills and attitudes -- new tools if you will -- which enable you to take the next step in your journey.

I am pleased to be among the Mount faculty and staff who have assisted you to achieve this important benchmark in your life.

Congratulations!

Sincerely,

Dear Graduate:

Once again I say farewell and best wishes to another graduating class, the twenty-first in the history of the college:

I congratulate one and all for your achievements and perseverance. You have ample reason to be proud of your successful arrival at another plateau in your career as you move along in the path of life. I hope your memories and experiences here have been rewarding and fruitful. My memories of your class have been very positive and exciting. I know I also speak for all my colleagues in the Division of Student Personnel Services.

I frequently lament the fact that we are just a two year institution because one hardly gets to know you before you move along. Some of you are grandparents, parents, as well as the usual younger students who come to the MOUNT directly from high school. You now join the ranks of more than six thousand alumni(ae) of the college in the rather brief twenty-two years of our existence. I hope you will continue your interest in the college by participating in the Alumni activities. The future of the college and our students is very dependent on your support and loyalty. Very shortly you will be regularly receiving Alumni newsletters. Keep us informed on your activities, marriages and addresses; we very much value your help and loyalty.

I bid you Godspeed with much pride and every confidence that your future will be personally rewarding and fulfilling. Keep in touch and please come back to see us often.

Sincerely yours,

IT IS WITH GREAT SORROW AND A DEEP SENSE OF LOSS THAT WE MOURN THE PASSING OF THREE MOUNT STUDENTS AND A FORMER FACULTY MEMBER THIS YEAR. THEY WILL BE SADLY MISSED.

Edwin C. Dunton III graduated in the Spring of 1985. Ed was a member of the Student Senate, serving as President for one year, President of the Ski Club, member of Who's Who in American Junior Colleges. Ed was also co-recipient of the Dean's Keys presented at graduation.

Brian Lancaster was a sophomore at MWCC. He was active for three semesters in both the Ski and Scuba clubs. He was a certified life guard and work in that capacity at the Mount. He was elected to the student Senats last spring and played and active role on the 1985 Spree Day Committee.

Robert D. Weibell was a second year Art student at the Mount and was a member of the Art Club.

Aspasio K. Anastos was a professor in the Humanities Division at MWCC fro many years and was loved by all.

Scholarships have been established as memorials to these fine people:

It has been said that death comes like a thief in the night, and that we come into this world with nothing and we leave with nothing.

And yet, is it really so? For we leave behind us a legacy of ourselves. We leave to our loved ones, our family and friends, the memories of times gone by, that live like love, forever!

We know all too well that once the physical presence of our departed is no longer with us we do not forget them, and that always thoughts come to us and we can and do remember, as sure as we know that spring follows winter.

The parting of death is nature's greatest show for it seems so final, but once we have walked amongst men and have spoken and laughed, and loved with them, can all be forgotten in an instant?

Not so, for as long as you are alive so does your loved one live within your memory. You need only recall at any time and know and gain from within yourself that inner strength of knowledge that like this world and all in it, life and death are facts.

But are we not by dying truly born again? Words are difficult and cannot express the feelings of separation and loss. But let us take comfort in the thought that our loved ones would not want us to be saddened or be the cause of our grief.

Let us therefore hope that they have gone from our presence into a better world not so far away from us.

To The Class Of 1986;

We are here, we made it together! Upon first entering Mount Wachusett Community College we were strangers and now we are friends. We have shared some of the most growing experiences together and have learned, not only about ourselves, but of the world surrounding us.

We have taken the hardest step together, the first step toward the future. Some of us will continue our education and some of us will enter the working world; however, we will always share a part of each others past.

I would like to wish everyone the best of luck in what ever future they chose. Each person I have had the opportunity to meet has changed my life in some way and I want to thank you, my friends, for the gifts you have given me.

I think that this quote sums up my feelings for the "special" people that come to the Mount,

The bond
that links your true family
is not one of blood, but
of respect and joy in
each other's life.

Rarely do members
of one family grow up
under the same
roof.

Best of Luck,

CLUBS

THE BEST CLUB OF THE YEAR!

INTERESTING EXPERIENCES FROM
THE SKI CLUB.

January 12-17, forty-one ski club members, friends and family, rocked the pad in Lincoln, N.H. We have decided to share some memories of the trip with you:

Heidi slept late. Rick falls down (in the lift line). The Pats "squish the fish." Friendly N.H. service—just ask Geoff! Dancing age in N.H. is 21!? Geoff eats bark; trees are Hell. Laying out 100 sheets for the pad. Wayne gets sick at Indian Head (on Carol's coat). The BIG "O"!! The famous head butt. "Hey, there is slime in the jacuzzi." "Cathy, look out for lobster wings!" Rick's surprise birthday party. The four people pyramid in the pool. Ski "93" mugs . . . where did they all go? Twenty-three degrees below zero—brrrrrrrr. "No juice, man." "John, leave those lift towers alone." Warren Miller ski films. Mmmmm—Swiss chocolate. The lip-sync contest was a success. We all had a blast. Everyone dances to "Shout". Imported Marcela twists her ankle. Boy, no one drank on this trip. Two bells . . . we're gone. It's a bummer coming home.

For those of you who read this and are totally confused, there's always next trip. Oh yes, one more thing, "Don't forget to tip your bartenders and waitresses."

AWESOME BIG O REMEMBER WHEN:

SKI CLUB GOES TO QUEBEC

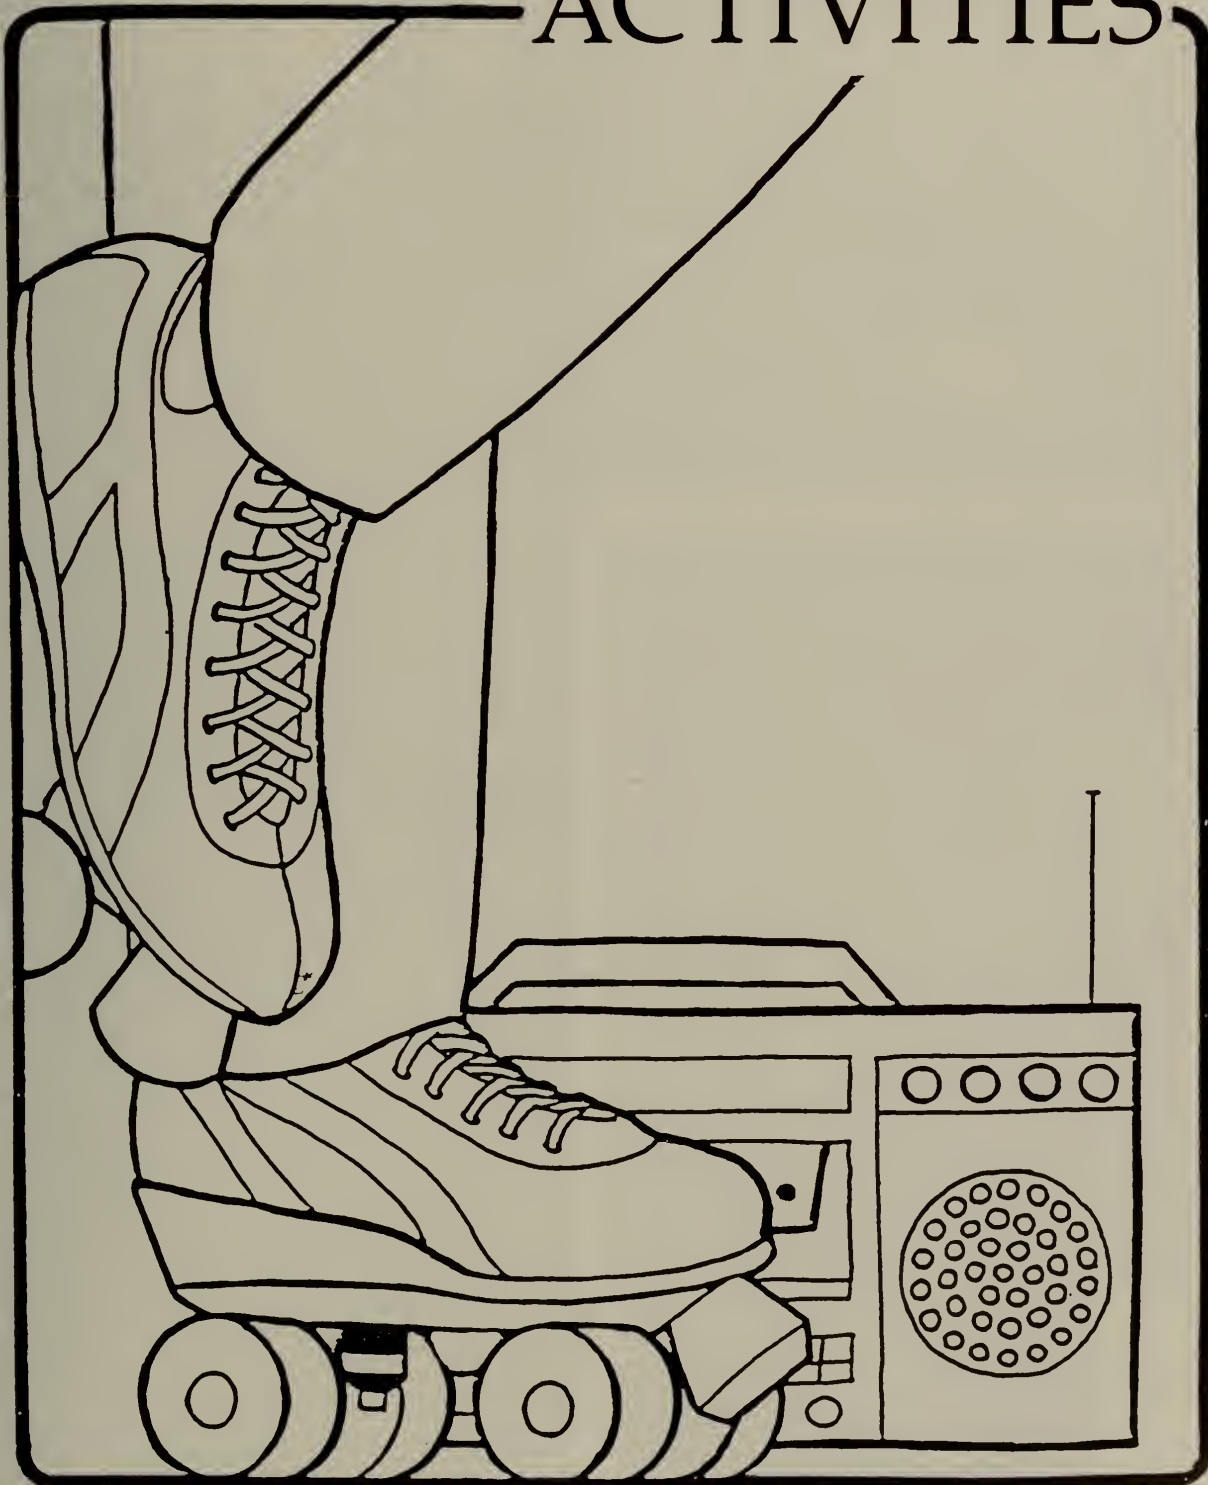

Bonjour! During Spring break our famous bunch of rowdies from the MWCC Ski Club went on a skiing excursion to Mount Saint Anne. At 6:30 AM thirteen of us left the MWCC parking lot en route to Canada with our birth certificates in hand. Here are a few experiences we brought back with us:

Bla, bla, bla, bla! "Do you have frog legs? Well, hop over here and take our order." . . . Everyone learns the French language (well, at least a few words) . . . Ann, leave that cruiser alone! . . . MMM! Poutine! (french fries, cheese and gravy) . . . Walking miles to find a night club . . . Le wet t-shirt contest . . . Mademoiselle Suzie, le sexual . . . Mademoiselle Ginger! . . . Rick went over the mountain, to see what he could see . . . A safety message from Laura: "Don't ski closed trails!" . . . BUMPS! . . . Warp speed on Canadian highways . . . NO MORE MTV, NO MORE TWISTED SISTER! . . . Life in a Coke can! . . . Catch the wave . . . Long CB talks . . . Hey, Larry, did Mom get the bill yet? . . . Pete's birthday party . . . Le Concord with rotating lounge . . . I think I'm going to be sick . . . Ryan, stay away from those young girls at Le Bistrol! . . . Hey, look out for those carrot-top head butts . . . Gas only 50 cents (a quart) . . . Eating Italian, Chinese, and American food . . . Where's the French food? . . . \$5.00 for a White Russian, \$2.50 for a Coke What a bargain!

The 10th Annual Activities Awards Banquet was held at the Elks Clubhouse in Leominster on Friday, April 25th. Chairperson Cathy Cormier, who headed the Banquet Committee, spent long, hard hours arranging all the details that ranged from the meal itself to flowers on the head table.

Wendy Boucher, Marylou Collins, Lisa Hales, and Dawn Hefflefinger along with Susan Hitchcock-/Gale, Thomas Horgan, Gloria LaBrack Sarah Salter and Carol Seidenberg assisted Cathy with the tedious details as the evening came across a complete success. Stuffed Boneless Breast of Chicken topped the menu followed by the usual potatoe, vegetable, and dinner rolls. It was a great meal, catered by Cormier, but the reason for this festive gathering was soon approaching.

Shortly after the dessert was served, Jim LeBlanc, the Master of Cermonies, and Rhonda LaPointe, the Mistress of ceremonis, were calling for order as the process of the awards presentation began. The Athletic Awards, presented by Nola Sapienza, were the first to be honored, followed by twenty one of the Mount's finest clubs and organizations.

The strings were tuned and the amps were warmed as "alias", a fine band, readied themselves for an evening of music and dance. Those choosing to ramain after the awards presentation "let their hair down" and boogied to their hearts content.

The evening concluded with a last dance followed by thunderous applause. Applause for the band, Applause f for the Banquet. And Applause for the brotherhood.

Bag Pipers played as they led the processional of graduates down the aisle. Student Marshall, Donna Plourde along with the Class of '86 vice president Carol Seidenberg, ushered the graduates to their seats. John Awdycki, faculty marshal, headed his peers as 3500 in attendance looked on to witness over 400 excited graduates.

The graduates of Mount Wachusett Community College were reminded that not only did their own perseverance get them through the two-year program, but that the support of their families and friends were also important. Astronaut Byron K. Lichtenberg encouraged the graduates to "Dare to Dream". Christopher Columbus crossed an ocean of water, and today we stand at an "ocean of space" that awaits exploration. You'll be surprised what you can do if you reach a little bit," he said.

Lichtenberg offered the graduates what he said was a three part formula for success.

First, set long term goals. "What's really important is to do what you want to do."

Second, break up the goal-bound path into small manageable peices, resulting in one small success after another.

Finally you have to get to work, and that can take sacrifice and perserverance. You need faith and confidence in yourself, but you also need support from the outside.
